Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on January 30th, 2003 has been entered.

Response to Arguments

2. Applicant's arguments with respect to claims 1-14 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

4. Claims 1-4, 8-11 are rejected under 35 U.S.C. 102(e) as being anticipated by Nel (U.S. PG Pub 2001/0002468).

5. As per claims 1-4, 8-11, Nel teaches a network transaction system in which a customer terminal station is connected to a first bank that is connected to a second bank where a customer has an existing account (*see fig. 17*) customer means for applying for a new account by supplying the network information about an existing account on the second bank, the first bank upon opening a new account for the customer request via the network confirmation of the customer's existing account on the second bank and forward the confirmation to the confirmation response message via the inter-network the second bank coupled to the network confirming the identity of the validity of the existing bank account upon receiving the response message and processing the new account. (*see fig 1, paragraph 0058, 0088, 0089, 0105*).

Allowable Subject Matter

6. Claims 5-7, 12-14 allowed.

Conclusion

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. (*see form 892*).
